DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Frank Picelli on April 25, 2005.

The application has been amended as follows:

In claim 1, line 8, delete --and-- .

In claim 1, line 9, insert --storing said low resolution digital image files and said storage parameters at a remote server of a provider; and--.

In claim 1, line 1, change "said remote location said image storage" to --said remote location of said remote server of a provider said image storage--.

Response to Amendment

2. The after final amendment was received on April 12, 2005. Claims 1-6 are pending.

Response to Arguments

3. Applicant's arguments, see amendment, page 6, middle paragraph, filed 4/12/2005, with respect to Yokomizo et al. (US Patent 6,522,418 B2) have been fully considered and are persuasive. The rejection of claims 1 and 4 has been withdrawn.

Allowable Subject Matter

4. Claims 1 and 4 are allowed. Hence, the dependent claims 2,3,5 and 6 are allowed.

5. The following is an examiner's statement of reasons for allowance:

As applicants properly point out, stating on page 6 of the remarks, "There is no teaching or suggestion to support that this repaired image reference in any way relates to repairing of the stored high resolution image." Hence, and in view of applicant's argument, examiner's amendment and in combination with all of the other elements of claims 1 and 4, claims 1-6 are allowable over the closest prior art Yokomizo et al. (US Patent 6,522,418 B2).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

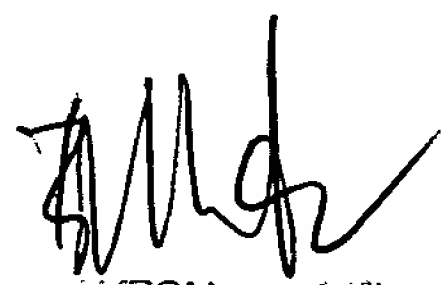

6. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Dennis Rosario whose telephone number is (571) 272-7397. The examiner can normally be reached on 6-3.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Bhavesh Mehta can be reached on (571)272-7453. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
